

**Buckden**  
DENTAL CLINIC

*Exceptional Dentistry with a Caring Touch*

To whom it may concern,

I have held a contract with Style cleaning for many years. The contract requires Style cleaning to maintain both my two business premises and my family home. The business premises that Geraldine maintains are dental practices which include patient waiting areas and clinical surgeries.

Because of the flow through of patients the practices require daily cleaning. Geraldine and her team have provided us with an exceptional service for a very competitive price. They maintain my work premises to the high clinical standard we require and my home to a standard I am very pleased with. Geraldine is reliable, flexible and takes a personal pride in her work which is obvious from how the practices and my home looks after Geraldine and her team have been there.

I have no hesitation in recommending Geraldine and her team.

Yours sincerely

Dr Georgina O'Callaghan
